## About This Game

**When the night falls, two unlikely heroes emerge.** A vicious WEREWOLF and a cunning VAMPIRE - creatures of the dark born of anger and blood are the last hope for a world taken over by black magic. Led by a mysterious sage, Cornelius, they'll have to face hellish hordes of demons and fight through 21 sprawling levels before they can defeat the ULTIMATE EVIL!

### A DARK FANTASY ACTION GAME!

**From Shadows is an action game blending the style of fast-paced platformers and beat'em ups.** The menacing gothic atmosphere and foreboding music build tension, while the hand-drawn graphics give shape to unimaginable horrors straight from hell. This indie title offers option for solo play as well as cooperative split-screen (taking full advantage of both keyboards and controllers) and lets you publish your scores on global leaderboards.

**Unleash your inner beast and step out of the shadows!**

Unresponsive controls. Floaty combat. Fell through the bottom of the map then proceeded to request a refund. The graphics are cool tho.. This game is pretty much unplayable! It is glitchy as all get out and it feels cheap and unfinished!. Some minor bug and some probleme with the control.

But story good enough, combat system is great when you start to progress, reealy good graphisme

i'm sure this game would be better with more content, but it's still a good game for this price
